

COVID-19 Game Plan

Please review the following “Game Plan” to reduce exposure to COVID-19 while on your trip:

1. Cabin Cohort: please fill the cabin with people from your own family unit/bubble.
2. Tight Quarters: the cabins have limited space. We have upgraded our cleaning techniques to reduce transmissions between bookings, but we cannot guarantee no viral transmission during your stay between your bubble.
3. Health: All guests must ensure that they have not knowingly been exposed to or have symptoms of COVID-19. Also, please follow all current health, safety and travel guidelines prior to your trip. And please, please, please do not come if you have been in contact with someone who has tested positive, has symptoms of COVID-19 or if you have tested positive for COVID-19.
4. Gear- Grizzly Basin no longer gives a sheet! We are asking our guests this year to please provide your own fitted sheet and pillow case as well as dish towels. Below are each cabins’ bed configurations so you can come prepared:

-Little Sand Cabin: 2- Double Beds
7- Singles

-Big Sand Cabin: 3- Double Beds
7- Singles

-McDermott Cabin: 3- Double Beds
7- Singles

5. PPE- Please bring your own face masks on your trip and Personal Hand Sanitizer. We will have good supply of hand sanitizer at the cabin but there may be a time when you wish to sanitize your hands while not in the cabin.
6. Cancellations: Deposits are non-refundable. As a small business we need these deposits to operate. There are costs associated with cabin rentals, maintenance, road work, snowcats, tenures, supplies, and marketing that occur whether or not we are renting cabins. Without these deposits we would not be able to continue to operate. As much as we would like to refund your stay, we cannot. If you cannot make your reservation, we can move your booking to a later date within the 2021 season. Although, our winter is great, that is not all we have to offer. If you cannot make your trip, we would be happy to accommodate you later on this winter, in the early spring or in the summer. Please let us know if we can move your reservation and deposit to a time that would be more suitable for you and your group.

Due to backcountry accommodation restrictions and the possibility of asymptomatic COVID-19 cases, even though we are taking all the precautions we can, unfortunately we cannot eliminate the possibility of the spread of COVID-19 being potentially transmitted before, during or after your trip.

Please know that physical distancing cannot be followed at all times during your trip due to the type of backcountry accommodation in which we offer. We have guidelines set out and we expect our guests to follow them. These guidelines are constantly changing and so will the way in which we operate.

We are all in this together. Thank You !
